**Chhattisgarh Council of Science and Technology &
National Council for Science and Technology
Communication, DST, Government of India, New Delhi**

Objectives:

The celebration of National Mathematics Day 2025 aims to honour the remarkable contributions of Srinivasa Ramanujan while inspiring students to develop interest and confidence in learning mathematics. It seeks to highlight the importance of mathematics in everyday life and future careers and to encourage problem-solving, logical thinking and creativity among learners. The day also promotes a positive mathematical culture by engaging students in various activities, competitions, and innovative learning experiences.
